To whom it may concern:

Re: Rick Sagayadan

I have personally known Rick Sagayadan and worked with him in a professional capacity for over 20 years now. In particular, our Association has witnessed his work in numerous productions, as well as a number of productions for Friendship Centres in BC and across Canada.

Rick has informed me of his plans for a new venture and business in the multi-media field and I am quite pleased to do so on behalf of his past undertakings and qualifications. He has also demonstrated the utmost respect for Aboriginal cultures, traditions, community members and protocols while filming in the field.

Rick has an established reputation as a team player and when called upon, very much a team leader in the various productions we have worked together on over the years.

The Association is very pleased with the quality of the content, visuals and audio of our Friendship Centre productions and would not hesitate to acquire or recommend Rick's services and professionalism for future events and projects our Centres may wish to capture in the multi-media format.

Sincerely,
