RE: Letter of Support Rick Sagayadan

To Whom It May Concern,

I have personally known Rick Sagayadan and worked with him a professional capacity for over 15 years and in particular our community has witnessed his work in numerous productions. Some of most accomplished works include Producing the Kla-how-ya talk show covering important cultural events throughout the Okanagan Valley.

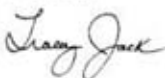

My professional involvement with Rick has been extensive over the years. As a seasoned journalist and award winning documentary producer I have hired Rick to assist me on many training projects, news coverage and special contracts for many of my corporate clients. Clients have included APTN National News, CHBC-Television, En'owkin Media Arts Training, OTDC Training Project and The Indigenous Environmental Network Conference which featured delegates from 56 countries around the world.

I will continue to acquire the services of Rick in my future projects and endeavors. He has always shown the utmost respect for our culture, traditions, community members and our protocol and this is why my company will continue to engage him in riveting project and involve him.

Rick's previous work with fellow members of his staff and interaction with our community members was professional and efficiently conducted. The end result of the project(s) was of very high quality and captured the essence of the event in a professional manner. Over the last 15 years I have been extremely pleased with Rick's work and would not hesitate to consider hiring his services for future events and projects our community may wish to capture in a multi-media format.
